

Samsung S24C200BL 23.6" Desktop Monitor

A larger screen for entry-level users who want to succeed big.

Slim 23.6" LED Desktop Monitor

With its extra-wide screen, the Samsung S24C200BL is a perfect choice for general office use. More room means easier multi-tasking, and a more efficient work environment. Fast response times result in motion imagery with precision. Front-mounted buttons let users easily adjust image settings. And the ultra-slim design with tilt-adjustable stand brings a greater sense of style, as well as ergonomics. And since it's from Samsung, the #1 manufacturer in the global monitor industry for the past five years, the image quality is amazing. The LED-backlit, full 1920 x 1080 HD LCD screen delivers rich, vibrant colors and super-sharp text. Just what you'd expect from #1. **Business. Innovated.**

Everything's Up Front

With narrow bezels, a black matte finish and front-mounted tactile buttons, the S24C200BL is an easy-to-use, easy-to-deploy and easy-to-maintain professional-grade desktop monitor solution.

Save Energy, Save Money

Samsung's LED-backlight technology and user-selectable Eco-saving features enable enterprises to better manage power usage and reduce energy consumption.

Mega Infinity Dynamic Contrast Ratio

Details in the blacks. Details in the whites. The Samsung S24C200BL delivers both through Mega Infinity dynamic contrast ratio.

Narrow Bezels Save Space

The narrow-bezel design and low profile stands take up less desk space and contribute to a cleaner-looking office. The built-in cable management feature also adds to a clutter-free work environment.

MagicBright 3 and MagicAngle™

Exclusive MagicBright 3 technology features pre-set modes that deliver the optimum viewing experience in just one click. With MagicAngle™, images appear sharp and brilliant even when users are not directly in front of the screen.

Fast Response Time

The S24C200BL features a 5ms response time for seamless motion imagery, presenting streamed Internet content without the blurring and ghosting that occur on slower monitors.
